### St. Lawrence Canal to be Enlarged.

OTTAWA, March 21.—Sir John promised the deputation from the Boards of Trade from Toronto, Montreal, Hamilton, Kingston and Port Arthur, to enlarge the St. Lawrence Canal to the same depth as the Welland Canal within three years. The Port Arthur delegates claim that this will obviate the necessity of building the railway to Hudson Bay.

**Defeated.**  
Senator McInnes' Gaelic Bill was defeated in the Senate by a vote of 42 to 7.

**N. W. M. P. Reports.**  
The N. W. Mounted Police reports were brought down. They show only one crime of any consequence occurred in the Territories within the past year. They also show the seizure of a large quantity of contraband liquor. The members of the force have \$32,929 lying to their credit in the Savings bank.

**The Fur claims.**  
The Committee on Charges against Gen. Middleton, regarding the Brenner fur claims, met and adjourned till witnesses can arrive from Battleford. The charges state that by Middleton's order four bales of furs were packed and two were addressed to himself, one to Major Bedson and one to Hayter Reid; also that furs were taken by Gen. Middleton and appropriated to his own use; that Major Bedson appropriated to his own use a pool table and horses taken from settlers at Battleford.

**Engineers at Work.**  
The Great N. W. Central Railway engineers have gone to locate the line between Saskatchewan and Battleford. This move is directed on by the English directors in order to cut off the Q. & Long Lake Railway.

**Trade with U. S. Prohibited.**  
The United States have practically prohibited international trade, but Congress offers free trade as soon as Canada is ready.

**True Bill Found.**  
QU'APPELLE, March 21.—A true bill was found by the grand jury, in Toronto, in the Man-Empire libel suit.

**School Bill.**  
The new School Bill was passed in the Manitoba Local Legislature by a vote of 25 to 11.

**Train on a steamer.**  
George Francis Train left Tacoma, W. T., on Wednesday last on a C. P. R. steamer. He is trying to lower the record of the former globe circlers.

**Still They Come.**  
The fourth colonist party left Toronto on Tuesday last for Manitoba and the N. W. Territories. There were 300 passengers and several carloads of stock, etc.

**Europe in a Hurry.**  
Prince Bismarck has resigned the chancellorship of the German Empire and Gen. Von Caprivi is appointed in his stead. Great excitement prevails all over Europe. It is regarded in London as the most important event since the fall of the French Empire. France displays great anxiety and Austria fears a rupture of the peace.

**Fur Sales.**  
The Hudson Bay fur sales show a decline of 25 per cent. below last year. The sales were very unsatisfactory.

**Meeting of the L. A.**  
Lieut. Governor Royal, while in Winnipeg, said the Northwest Assembly would meet about the first day of May.

**Regina Fire.**  
The loss by the recent Regina fire is estimated at \$80,000. The insurance is about \$20,000.

**Contract Let.**  
The contract for building the Duluth & Winnipeg Railway to the boundary this season, has been let to Foley Bros.

**Manitoba Surplus.**  
It is rumored that the Manitoba Legislature will make a grant of one million dollars towards building the Hudson Bay Ry., the money to be paid when the road is completed.

### H. B. Railway Aid.

A deputation, composed of all Manitoba and Northwest senators and members of the House of Commons, waited on Sir John and presented a petition signed by a majority of the Senate urging the Government to aid the H. B. Ry. Senator Girard presented the petition and made a strong appeal, followed by Ross, Daly and Macdowall.

**Assent Won't be given.**  
The Toronto Mail's Winnipeg correspondent telegraphs to that paper, that acting under inspiration from Sir John, Lieut. Governor Schultz will refuse assent to the bill just passed by the Legislature abolishing the French language and separate schools. If he does the Green government will be forced to resign. Lieut. Governor Schultz was seen by a Free Press representative and refused to have anything to say.

**Libel Suit.**  
It is reported that Ronald McDonald, of Battleford, who gave evidence before the Middleton committee at Ottawa, has taken action against the Ottawa Citizen for libel. It appears the Citizen accused him of perjury.

**Seed Grain.**  
Hon. E. Dewdney, and his associates, have secured a grant of ten thousand dollars for seed grain for the Territories.

**Successor Coming.**  
Rev. Mr. Barron, of Morris, is in Winnipeg on his way to Prince Albert.

**Divulging Secret Sessions.**  
WASHINGTON, March 17.—The Senate spent yesterday in discussing an executive session the question of imprisoning newspaper men who have published proceedings of secret sessions. No conclusion was reached and the Senate adjourned with the understanding that the matter will be up-posed of to-morrow. The discussion was mostly upon the constitutionality of the proposition to punish the correspondents. Edmunds proposed that all senators and employees of the Senate take an oath of purgation to relieve them of all suspicion. Ingalls submitted a proposition that a committee be appointed to confer with the press committee with the view of coming to a harmonious understanding as to what should or should not be published. Both propositions were laid aside.

**BATTLEFORD.**  
Official news has been received that the Police barracks will be built here. \$5,000 have been put in estimates to that effect.

Coporal Fleming left on Friday morning, going back to Prince Albert after a short stay here.

Mr. Molloy, of Clark's Crossing, was amongst us yesterday, and went back home this morning.

A gang of freighters who left here some time ago with the intention of going to Green Lake for the H. B. Co., returned from Prince Albert two days after they left here. They were persuaded that it was almost impossible to make the trip.

Mr. W. Robinson, Madigan's foreman, was here yesterday looking for hay.

A large gang of men are enroute to Saskatchewan, where work on railway construction will be resumed in a few days.

The contractors are preparing for active work on opening of the season, and it is expected that a force of 1,500 men and teams will be employed to push the work to completion at Prince Albert as soon as possible.

Mr. Montgomery, an employee of the railway company, has been at Duck Lake for some days securing from owners of land the right of way for the railway.

There is considerable demand for land in this neighborhood and owners expect big sales during the next few months.

Weather fine and spring like.

Indian Agent McKenzie, was in town yesterday.

For the past week or so the weather has been delightful, and the snow is disappearing rapidly.

Hodgson's water mill has stopped running on account of no grain coming in, but will resume gristing as soon as spring opens or a sufficient quantity of work comes in.

FRIDAY, MARCH 21, 1890.

We notice that at the last session of the Legislative Assembly a memorial was passed, and has been transmitted to Ottawa, praying among other matters that the sum of \$25,000 should be placed under control of the local government, for emigration purposes along the border states. An evidence of the importance of this resolution is shown by the Manitoba Government stating that they also are taking steps towards looking after the desirable class of people who may be found in these sections, many of whom, particularly in Dakota and Minnesota, are anxious after a short experience to settle somewhere in Canadian territory. Each year hundreds of good practical men, who have settled there are found reporting that they have been deceived into locating south of the line. That they have and are receiving in a great measure their large as well as practical population, through the efforts of the wily agent, pamphlets and literature of every possible kind scattered broadcast, is well known, and while in many cases these printed inducements are compiled more for effect than from facts and they have proved successful to such an extent that to-day these particular states possess a population which justly excites the admiration of all who take an interest in seeing western countries settled. But the wail now daily coming from many sections of their people reduces the importance of that success and it will establish beyond doubt that while for advertising purposes, for ingenious ideas and for energetic action, the American may be somewhat in advance of his Canadian neighbor, the fruits of their efforts are not entirely of the nature we should desire; our idea should be to establish our population from facts alone; we have the country, and to avoid loss from our Dominion population, emigrating people should be made aware of it and if straight facts are published they are bound not only to bring many of the border states people within our lines, but will in a great measure prevent in the future a larger proportion of Ontario and Quebec people changing their alle-

giance, which is sometimes stated, as having been quite common in the past. Now while private effort can and has gone a long way in the past in this direction it requires operations on a much larger scale than individuals or localities should be expected to undertake. If the statement that large numbers of our people have been prevailed upon to settle within the states has the slightest foundation it is certainly the duty of the Dominion Government to adopt strong measures towards checking so undesirable a state of affairs.

Regardless of where they may have sprung from, the border states to-day possess an important population from which it is possible for us to secure many active settlers and we hope the Dominion Government will see the importance of allowing the Assembly money sufficient to actively prosecute the work of securing them, and should they do so, representatives will see that their respective districts are not left sight of. Here in Saskatchewan we have land, wood, water, hay and desirable markets for thousands of settlers in excess of those now here; let our representatives make these facts known. They can afford to do it, for being facts none who come will be disappointed. Every settler once established is bound to induce others to follow. And we can hope within a limited period to have proved the wisdom of having placed money in the hands of local men for immigration purposes. By all means let the money be granted and our much favored district with far men representing her, in the local assembly, will undoubtedly receive a reward in settlers which its natural advantages so fully entitle it to.

The Toronto Week says the meeting of the Canadian Fruit Growers' Convention, held in Ottawa last week, shows that the attention of the tillers of the soil is becoming more and more drawn to the value of this branch of industry, and the importance of carrying it on in accordance with the most improved methods. It is evident from the discussions at the meeting that the business of fruit growing in the various Provinces of the Dominion is capable of vast, almost unlimited, expansion. There is evidently great need of more care and more scientific knowledge in regard to the choice of varieties, the adaptation of kinds and varieties to the peculiarities of soil and climate in different districts, the best modes of culture, etc. Great deficiencies also exist, it appears, in means and modes of transportation. The railways in particular seemed to have failed to provide needed facilities for the prompt and careful movement of perishable fruits. This is, of course, a matter of the very first importance, as everything depends on getting the more delicate fruits to market in a fresh, sound and attractive condition. The attention of railway managers having been called to the matter, they will surely see that it is in their own interest to provide the best facilities. Even if the business is as yet too small to warrant the outlay required, it is clear that under such stimulus as better facilities for getting to market would afford the traffic would rapidly increase. The Minister of Agriculture certainly deserves credit for the energetic attention he is giving to this and other departments of agriculture, and the whole country can hardly fail to profit greatly by the encouragement given to more intelligent and advanced methods in all branches of this simple Canadian industry.

# GENERAL NEWS.

**WHEELER, Col., March 6.**—One of the greatest catastrophes in the way of a possible without loss of life occurred last night, five miles east of this place, at what is known as Wall Cut, on the high line division of the South Park railroad, in which two passenger trains came near being swept away. The train going west was running in sections. The first section got stuck in the snow at Wall Cut, and the second section came up with two powerful engines to pull it out of the first section. Roadmaster Dobbs was standing in front of the head engine, superintending the work, when an instant an avalanche of snow came down, sweeping him away. He was completely covered by the flying mass of snow and carried a distance of several hundred feet across the river and on to the Rio Grande tracks, where he managed to extricate himself with great difficulty. He was severely injured. The tremendous volume of snow was piled entirely over the four engines, putting out the fires, and completely isolating the mail cars, in which were Mail Agent George Roberts and Baggage Master Mason, of Denver. It took some time to extricate the men, but neither was injured. Fireman Culbertson was badly scalded.

**LONDON, March 7.**—Prince Victor, of Wales, will sail for a short season at Calcutta on his way home from India.

**ST. PETERSBURG, March 7.**—Severe shocks of earthquake have occurred in the government of Krasn, Asiatic Russia, by which three villages were destroyed.

**LONDON, March 7.**—It is asserted that the Portuguese Minister has failed to secure any modification of England's attitude in his negotiations with Lord Salisbury, and will return to Lisbon at once. Popular feeling against England in Lisbon is extremely increasing as a result of the Minister's failure.

**OSMAN O'CONNOR, stopped at Honolulu, Sandwich Islands, on his way to Australia, and gave an exhibition with the seals for the entertainment of his majesty King Kalakaua. While at Honolulu he engaged in a race with the king's and another crew of six, and before leaving was presented with \$500. O' Connor arrived at Auckland, N.Z., on the steamer Mariposa, on the 2nd.**

**LONDON, March 7.**—The trial of Miss Elizabeth Vincent for shooting Lewis Henry Isaac, member of parliament for Walsworth, will be called on Monday next. Both sides are ready and it is reported that the young woman's defence will disclose facts extremely damaging to Mr. Isaac which have not hitherto been hinted at.

**BIRMINGHAM, N.D., March 7.**—Representative Wilson vigorously pulled Attorney General Goodwin's nose in one of the corridors of the capitol this afternoon for having mentioned his name in connection with the recent lottery scandal. Goodwin made no effort to retaliate. To night there were reports that a duel would grow out of the affair, but it is not generally believed that the attorney general, though not lacking in courage, will attempt to get even according to the code.

**TORONTO, March 7.**—When M. Lex, carpenter, came up in the police court today charged with stealing tools, to which he has already pleaded guilty, there were sixty-two persons ready to give evidence against him, as they have identified the tools proved by Lex that were stolen from them during the last fourteen months. He pleaded guilty to the third charge to-day and was remanded, disappearing amid vigorous hissing by the audience. Lex owns three houses.

The promoters of the Winnipeg and North Pacific Railway say that if the land grant is secured at once the work of construction will be prosecuted vigorously and a hundred miles from Winnipeg up through the Narrows of Lake Manitoba will be built this year. They ask 6,400 acres per mile from Winnipeg to Fort Lacombe, and 10,900 from there to the foot of the Rockies, and 12,000 from there to Fort Simpson. It is proposed to follow the original survey of the Mackenzie Government.

**TORONTO, March 7.**—The Legislative committee of the city has decided to ask the Ontario Legislature to put women and men on the same footing in municipal elections and that each sex be assessed \$2.50 in the matter of municipal election. One alderman said he did not object to property qualification; what he did object to was giving the franchise to servant girls.

**HALTAN, March 7.**—The fortnightly mail steamer Conscript arrived from St. John, N. F., this morning. The reports having passed through twenty miles of slabs, 120 miles west of Cape Race. The schooner Norseman, of Gloucester, put in this morning from Bank Quere, to take a sick man named Daniel Grant, who has been sent to the hospital.

**CHARLOTTETOWN, March 7.**—In the poisoning case yesterday Mrs. Wm. Groen said the prisoner, Mrs. Weeks, told her that Sutherland gave her a pair of diamonds as a present. She saw Sutherland go in and out of Mrs. Weeks' room frequently and at different hours. She also saw him go out at daylight in the morning.

**WASHINGTON, March 7.**—Representative Hart, of Illinois, who with Springer, looks after the interests of Chicago before the World's Fair committee, denies that any member of the committee has been informed by any Chicago man that it would be necessary for Congress to appropriate \$10,000,000 to help the Chicago project. Hart further states that no such appropriation is needed.

**DUBLIN, March 7.**—Forty writs of ejectment against tenants on the Poinsett estate were granted at Youghal yesterday.

**CHICAGO, March 7.**—At the session of the Evangelical Church committee this morning Group Downman was deposed from his post and expelled from the church. Admonitions against him were sustained.

**WASHINGTON, March 7.**—In the Senate today a resolution was introduced by Dawes directing the treasury department to investigate and report to the Senate all information to be and relative to the fur seal industry.

**SIOUX FALLS, S.D., March 7.**—Gold has been discovered in a gravel bank just east of this city, and the find has occasioned much excitement, as the samples sent have been assayed leave no doubt as to its quality. The discovery was purely accidental, but will be developed until the extent of the deposit is known.

**DEMOINGE, Iowa, March 7.**—The largest deposit of lead ore ever discovered in this country was struck yesterday by Thomas Kennedy and Thomas Meahan on the Meahan farm, southwest of this city. There is now in sight one great sheet of lead over thirty feet high and twenty four inches thick. Experienced miners say there is over \$1,000,000 of lead in sight and that \$160,000 can be mined in three days. The mineral is now worth \$25 per ton, making the mineral in sight worth about \$25,000.

**BERLIN, March 7.**—The Masons have elected Prince Carotta Scholbach Grand Master of the Masonic fraternity of Prussia.

**TORONTO, March 7.**—A. H. Reindner, glass and brother of the well known matter here, committed suicide by hanging himself yesterday afternoon to a sapling in Vaughan township. He had been insane, and recently suffered from an attack of la grippe.

**WASHINGTON, March 7.**—The Senate committee on military affairs has ordered a favorable report on the bill to reimburse the states of California, Oregon and Nevada for money expended in the suppression of the rebellion, in the following amounts: California, \$1,424,891; Oregon, \$836,272; Nevada, \$402,997.

**WILKESBARRE, Pa., March 7.**—The situation at the South Wilkesbarre shaft remains unchanged. It will be a week or more before enough water can be sent down to quench the flames. Slight explosions are occurring as the water rises, and more serious ones are expected later on. The damage from fire, water and explosions will be enormous, and it will be a long time before coal can be mined at this shaft again.

## ARMADALE.

Sunday last being the second Sunday in Lent, the mission church was crowded, a few having to take seats in the aisle. I was greatly surprised at the manner in which the hymns were sung and the devout behaviour of the congregation (composed of Cree Indians,) during divine worship. The organist on this occasion was Mr. H. Parker. After the service the Rev. J. McKiv tendered the hearty thanks of himself and congregation to Mr. Parker, for his kind assistance.

Mr. Muchahor had a son and heir baptised during service. Mr. John B. Cain standing for godfather and the expense of a dance and supper on Thursday evening.

J. Moffat is expected home from Ontario to-morrow night.

## Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the inflamed parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, an inflamed throat, lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma, and all diseases of the Lungs. ALLEN'S Lung Balsam is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25 cent bottles are put out to answer the constant call for a Good and Low-Priced Cough Cure. If you have not tried the Balsam, call for a 25-cent bottle to test it.

# CURLIANA.

Her sons are brave and warm hearted. Her daughters are witty and true. Tho, passing thro' times of hard trouble Give the children of Erin their due. Their boys in the ranks of our curlers Have helped many a victory to gain. They never turned tail on the foe man. They'd sooner be found amongst the slain.

The above lines were suggested to our reporter while witnessing a most inter-esting and hotly contested game of curling on Ireland's national day, Irish vs Scotch, the credit of getting up the match being due to Mr. G. S. Davidson.

It was a tug from first to last, some times the Irish leading and some times the Scotch team was in the fore, and resulted in a tie at the sixteenth head. The last two heads were lost by the champions of the green, resulting in a majority of nine points for Scotland.

After the close of the match, those participating in the game and the Pres-ident of the club, were conveyed to the east end of the town, and entertained by one of Erin's warm hearted and patriotic gentlemen, the Hon. L. Clarke.

The evening was pleasantly spent by the company in singing national and character songs, in which each one present took part. A most enjoyable even-ing was brought to a close by singing in honor of the host, "He's a jolly good fellow," concluding with "Auld lang Syne."

## PLAYERS AND SCORE.

The final match for the Johnson Cup was played off on Tuesday last between Betts' and Sanderson's rink; Betts win-ning by ten points as will be seen by the following score.

Norman	Agnew
Mayne, lead.	Baker, lead.
McKay, T. second.	Gwynne, second.
Betts, skip.	19 Sanderson, skip.

The challenge match, Scots vs English, was won by the former, after some very good play had been made on both sides. The players were as follows:

ENGLISH.	SCOTCH.
Hard, lead.	Stewart, J. lead.
Perry, second.	Davidson, second.
Johnson, third.	Bain, third.
Norcross, skip.	Campbell, skip.

The annual general meeting of the Curling Club will be held on Wednesday, April 2nd, due notice of which will be given.

In the Macdonell match, which was begun this morning the first draw result-ed as follows: MacIsaac vs Bain; Neilson vs Sanderson; Perry vs Northgraves; Camp-bell vs Johnson; McPhail vs Goodfellow; McKay vs Betts.

The wonderful extent to which men can become interested in curling is shown by the Prince Albert players in the North-west who were at the Winnipeg bonspiel, a number of whom walked a good portion of the way from Prince Albert south to the C.P.R. One of them walked 175 miles on snow-shoes, pulling his curling stones after him on a tobog-gan.—*Scottish-American.*

## N.W.M.P. ENTERTAINMENT.

The dramatic club of F Troop gave an entertainment at the barracks on Monday evening last, and although the weather was too inclement for many to be out the hall was well filled and a good time spent.

The programme was very good and opened with a tableau "The Bivouac." Const. Strachan recited in his masterly style "Sergeant Bustus' Speech." Insp. Macdonald and Const. Bawdridge gave exhibitions of club swinging, sword exer-cise, fencing and dumb-bell exercise dur-ing the evening, which were much appre-ciated, and Const. Bawdridge also gave an exhibition of the bayonet exercise, which showed he was no novice. Const. Tessier came forward decked out in the uniform of a duke, which was very be-coming, and sang "I can't do it you know," and was loudly applauded. Const. Beaby rendered "The Tramp" in good style. A banjo solo by Const. Halbhuis was loudly encored, and also a duet on the banjo and harmonica by Consts. Halbhuis and Beaby. The second part of the programme consisted of a comical burlesque entitled "Bombastes Furioso," and created no end of amusement to the audience who went away feeling that they had enjoyed a rare treat.

The club certainly deserves very great praise for the manner in which the en-tertainment was conducted.
